

HOMESCHOOL PRESCHOOL SELF-ASSESSMENT

VISION/BIG PICTURE

Why are we homeschooling this year?

What can we offer to our preschooler's experience that is unique to homeschooling?

What qualities do I want to see my child embody?

How do I want my child to describe her/his home & childhood once s/he is grown?

MY CHILD, MY STUDENT

What are my child's strengths and natural abilities?

What is my child most highly interested in?

What have I noticed that makes my child shine (routine, environment, learning style)?

How can I arrange our homeschool to meet my child's strengths, interests, and preferences?

What areas do I need to intentionally help my child improve in?

THE TEACHER, AKA "ME"

What makes me the ideal teacher for this student?

What personal weaknesses do I, as a parent/teacher, need to be aware of that could get in the way of achieving our goals?

What can I put in place to overcome those potential pitfalls?

How and when will I assess our homeschooling year?
